

LE400W Wireless In-Ear Headphones

No.: 73194

True wireless in-ears with Bluetooth 5.0 connectivity, touch controls and excellent audio playback

Description

- High Performance In-Ear Audio – Listen to music and movies with deep bass, excellent detail and a balanced soundstage.
- Optimum Fit, Style & Comfort – The LE400W are built to fit great, sound great and look great with a minimalist design, silicone & memory foam earbud options and a stylish wing for securing inside the ear.
- Seamless Control – Voice assistant, volume and various other functions can be easily controlled via simple touches of either earphone.
- True wireless connectivity – Bluetooth 5.0 support with simultaneous transmission provides completely wire free connectivity.
- Fast, long lasting charging – The LE400W can provide around 4 hours of playback, or up to 16 hours when combined with the included charging case.
- Lindy's guarantee – Our 2-Year warranty is provided for your peace of mind.

Lindy's LE400W in-ear headphones are a revolutionary addition to our audio range and an essential new item for studying, relaxing and working out. By producing amazing audio quality via responsive comfortable earphones, the LE400W are the go-to for your daily listening experiences.

Outstanding Audio Performance.

With high-performance 6mm drivers, the LE400W provide exceptional sound quality with rich bass and a clear balanced soundstage. The LE400W are ideal for use with any music and video content, whether in the gym, in the office or on a commute.

Truly Wireless Design.

The LE400W are completely wire-free, with a Bluetooth 5.0 connection. Avoid the hassle of a wired connection, whether it's potential accidents in the gym or swinging cables on jogs. The LE400W are the next step in audio connectivity. Simultaneous transmission allows for both stereo, or mono playback, if required.

Stylish. Comfortable. Secure.

A lightweight, secure design ensures comfort even over longer periods of time, great for those times when you are immersed in a movie or deep into your studies. With a choice of silicone or memory foam tips, the LE400W are built to not only sound and look great but fit perfectly.

Seamless & Simple Touch Control.

The LE400W possess seamless touch controls. Playback, volume, and voice assistants can be easily managed with a range of simple taps. A single tap can be used pause and play content, double tap for skipping to the next track or triple

tap for returning to the previous song. A long hold press adjusts volume, depending on the earbud in use, while a short press can bring up the connected devices voice assistant for a fully wireless experience.

Long Lasting Audio

The LE400W can provide up to 4 hours of audio playback, however the music does not have to stop as they can be easily recharged and stored securely in their magnetised charging case for up to an additional 12 hours of playback.
